

Howard Florey Advanced Imaging Facility Launch

The new Advanced Imaging Facility places the Howard Florey Institute at the forefront of sophisticated imaging capabilities in Australia, maintaining their position as a leading research institute. The event will include brief presentations followed by cocktail party

Event Program

- 4:00pm Welcome Address
Frederick Mendelsohn, AO, Director Howard Florey Institute
- 4:15pm Advanced Imaging - Reaching Critical Mass Through Partnerships
Brendan Nicholls, Managing Director Olympus Australia
- 4:30pm Advanced Imaging Technology, Providing New Insights
Steven Petrou, Senior Research Fellow, HFI

Followed by cocktail reception

In the weeks following the launch, the imaging systems including FV1000 Confocal Microscope and Cell R system will be available for demonstrations. Times can be booked at the launch to see the equipment in action.

Limited parking is available underneath the Alan Gilbert Building in the University Square car park
Enter at Grattan/Berkeley Sts Carlton.

The launch is an invitation only event.
